RIESLING

Creamy scents of clover and honey give our Riesling a subtle richness that helps to balance the sweetness of this wine. On the palate sweet honey and candied pineapple flavors are forward and lush, while accents of orange marmalade and a touch of spice to give some complexity to the sweet and almost sugary core. A great after-dinner sipper.

Riesling is a wine option that can handle a full spectrum of foodie favorites, from tangy vinaigrette dressings to full-flavored sauce laden entrees and spicy medleys. Tends to pair well with Asian fusion, seafood, and curries as well.
